

Used Machine Details

- Make:- Sunnen *Stock Reference AS273*
- Model:- SV-210 *Serial Number 3E1-1045*
- Capacity:- 19 –200mm diameter, workpieces up to 710mm long.
- Description:- The SV-210 machine's design incorporates a true vertical stroke unlike the CV & CK series which have a reciprocating arm and this means it can produce a consistent cross hatch pattern throughout. It has a Windows based touch screen control panel which features easy-to-use drop-down menus and unlimited storage capacity. We have been using this machine in our contract honing shop for the past couple of years, but now have bought a brand new Sunnen SV-30, which means that it is surplus to our requirements and so is priced accordingly.
- Price:- **£27,500 (+VAT for UK sales)**
- Terms:- Pro-forma. FCA (loaded on your transport, ex-works Cheltenham)
- Tooling:- New and used tooling is available at additional cost
- Training:- Training offered from £480/day (plus expenses)
