

APPERLEY MACHINES

Used Machine Details

Make:- Sunnen *Stock Reference AS117*

Model:- CK-21 Cylinder King *Serial Number 3V1-1017*

Capacity:- 19 –203mm diameter, work pieces up to 450mm.

Description:- The CK-21 is the third generation of Sunnen's popular Cylinder King range of honing machines and is ideal for honing cylinder bores and is perfect when tricky plateau surface finishes are required. The machine is computer controlled and adjustments to the machine can be carried out at any point in the automatic cycle directly from the operators control panel. We acquired this machine direct from Sunnen UK, and have used it in our contract honing shop since new. We have now bought a brand new SV-30 machine to replace it, and have reduced the price as this machine is now surplus to our requirements.

Price:- **£29,780 now £19,780 (+VAT for UK sales)**

Terms:- Pro-forma. FCA (loaded on your transport, ex-works Cheltenham)

Tooling:- New and used tooling is available at additional cost

Training:- Training offered from £480/day (plus expenses)
