

Used Machine Details

Make:	Sunnen	<i>Stock Reference AS309</i>
Model:	HL-1500 extended to 3000mm stroke	Serial number: 3T1-1020
Capacity:	50,0 –177,0mm diameter x 3000mm stroke	
Description:	This horizontal tubehone was originally built by Sunnen in the 1990's with capacity to take workpieces up to a maximum of 1.5m long. It was then extended and rebuilt to accept 3.0m long parts in the 2000's. Fitted with Sunnen's brilliant MPS system the machine has great potential as it can be adapted to hone smaller (down to 25mm) or larger (up to 480mm) bore diameters along with tricky blind end parts in tough and hardened materials making it ideal for actuators, hydraulic cylinders, down hole tools and the like.	
Price:-	£37,800 (+VAT for UK sales)	
Terms:-	Pro-forma. FCA (loaded on your transport, ex-works UK)	
Tooling:-	Tooling and consumables are available at additional cost	
Training:-	Installation and training offered from £450/day (plus expenses)
